www.highstreetconsulting.com

Are you interested in leveraging your technical planning and analytical skills to help improve transportation decision making? If so, High Street could be the place for you! Join our team and play a key role in helping our transportation agency clients prepare for the future.

POSITION OVERVIEW

Growing 16-person transportation planning, policy, and analytics consulting firm seeks a transportation technical planning expert for a full-time position that requires a combination of analytical, project management, programming, and research skills.

RESPONSIBILITIES

New hire will support planning, programming, and policy work for a range of Federal, state, and MPO clients. The right candidate must possess both technical and policy-oriented planning skills, understanding of asset management practices, proven writing ability, aptitude for managing multiple tasks, and a strong interest in creative and critical thinking with regard to consideration of transportation issues. Must be self-motivated and comfortable executing tasks independently. Duties may include:

- System conditions forecasting;
- Needs analysis/modelling;
- Data, statistical and spatial analytics;
- Economic analysis; and
- Developing code for programs and applications

REQUIREMENTS

- 5 years of work experience or master's degree in transportation planning or similar discipline; Undergraduate degree in engineering (preferred).
- Must possess permanent U.S. work authorization.
- Experience assessing transportation asset conditions and using statistics to provide meaningful inputs to forecasting models based on large datasets.
- The ability to write code using a statistical or data analysis coding language to forecast the performance of a transportation system across a wide variety of performance measures or indicators.
- Proven track record prioritizing workload to meet deadlines and work objectives.
- Strong problem solving and troubleshooting skills.
- Demonstrated ability to write clearly and succinctly.

LOCATION & TRAVEL

High Street's team and clients are located throughout the United States. This position may require travel. Office location is flexible.

COMPENSATION & BENEFITS

High Street provides a competitive compensation and benefits package including base salary, opportunity for performance-based bonus, and 401k program. Please send a resume and cover letter or cover email to careers@highstreetconsulting.com.
